## President's Letter

As we close another year in Austin Genealogical Society, I wish to express for myself and all others of the Society, our thanks to those who have by splendid cooperation, sometimes financial support, and many times at a sacrifice to personal and family life, done such a wonderful job in 1964. We also appreciate those who have just been members in good standing. Without the members to talk to and organize, there would be no need for any leaders. We hope in 1965 that everyone will get one other person interested in being one of the "mob" that is increasing and contributing so much to the records and history of our great country. You can honestly recruit for this hobby.

I will not single out any individual for special praise, although many names come to my mind of those who deserve such mention; as the list of those to be decorated would be almost as long as the roll of the members. There is much more that we can do; and we hope all members will continue to suggest changes and improvements in any phase of our program. We welcome your ideas. We also welcome the change of meeting place --- brought about by Mrs. David C. Gracy. She will coordinate the speaker program in 1965; and we look forward with enthusiasm to future meetings.

It is obvious from contacts with students of local schools that there is much that can be done, or started, that would not only benefit the children, but have a contributing effect to that segment of our society. Many do not know of the things now available, contests for articles, prizes from historical publications, etc. We need to bring to the younger generation an awareness of their ancestry and with it of the history of their country. We believe all are benefitting from the special program for offering the Quarterly to libraries around the country. There must be still other moves we can make to "spread the gospel" to all.

I appreciate the support I have had, and that which has been given members of the Board and all of the officers. I look forward to an even greater year in 1965 -- we have not even started, in spite of our fine work, as far as the ultimate possible. You have unlimited opportunities in this field in which we are interested and working. We look forward to your continued support, and spreading the word among the uninitiated.

Sincerely,

/s/ Ralph E. Pearson

### 1965 Spring Quarterly

The Spring Quarterly will again contain the annual Ancestor Registry. Complete instructions appear on the last page of this issue, together with a copy of the Family Data Sheet. Deadline for receipt of the Family Data Sheets has been extended to 15 February to accomodate many members who haven't been able to "get to" them yet. This is an excellent opportunity for you to publish the data you have, plus the data that you need, and to bring them to the attention of thousands all over the country.

### 1965 Summer Quarterly

Family Bible Records will be featured in the Summer Quarterly in 1965. Please keep this in mind when you visit relatives this spring; so that you can make copies of the birth, death and marriage data in the old Family Bibles. If you meet anyone with an old Family Bible, please try to get a copy of the genealogical data, and send it to the Quarterly Editor. When publishing these Family Bible records, it is desirable to give the name and principal residences of the original owner who made most of the entries, the name and address of the person now in possession, and your name.

### 1965 Fall Quarterly

Cemetery records will be featured in the Fall Quarterly in 1965, just as in 1964. Much favorable comment has been received on our 1964 Fall Quarterly; and several new members have been obtained because of interest in it. Right now, while the weather is cool and clear, and the leaves are off the trees and underbrush, is the ideal time to copy the inscriptions from that old cemetery you've been meaning to do. In many instances, these are the only records on a person in a locality, where he has moved to the area between censuses, and where there have been no marriages or land sales in the family. Please give the location of the cemetery, including highway directions to reach it, and indicate its general condition.

### 1965 Winter Quarterly

A complete index of the Austin Genealogical Society Quarterly, from 1960 through 1965, will make up the Winter Quarterly for 1965. This will make our Quarterly a more useful reference for genealogists and historians.

New Addresses Needed for These A. G. S. Members

Recent mailings to the following members have been returned by the Post Office for a current address:

Miss Martha BREWER

Mrs. J. R. ERWIN

Mr. Robert E. LEE (first president of Austin Genealogical Society).

Mr. Charles MOTZ

If you know one of these members, please notify the Editor of current address.

Always write SURNAMES thusly (in all capital letters), and Given Names thusly (in capital initials and lower case letters). It saves a lot of confusion in genealogy.

1965 Spring Quarterly Ancestor Registry

Many members found it difficult this year to enter data on 3" x 5" index cards for the Spring Quarterly Ancestor Registry. Others just didn't have time to prepare the data cards before the publication deadline. The AUSTIN GENEALOGICAL SOCIETY Family Data Sheet on the back of this page is designed to eliminate both of these problems. This Data Sheet can be copied on any typewriter or copier; or the printed forms can be purchased through the Treasurer, the Secretary or the Editor.

Each member may submit as many as 20 new Data Sheets for the 1965 Spring Quarterly; these should include information on 40 individuals (husbands and wives). As in the 1964 Spring Quarterly, the 1965 Ancestor Registry will index all ancestors and ancestresses by surname.

Corrected Data Sheets on individuals appearing in the 1964 Spring Quarterly will not count in the 20 new Data Sheets for the 1965 issue. You should supply new Data Sheets on any individuals on whom you have obtained new or corrected information since publication of data in the 1964 Spring Quarterly.

Deadline for receipt by the Editor of Data Sheets for inclusion in the 1965 Spring Quarterly is 15 February 1965; therefore you have plenty of time to prepare the Data Sheets and get them to the Editor before that time. The information on each Data Sheet must be typed on a 3" x 5" index card by the editorial staff; therefore the earlier you can send your Data Sheets in, the sooner the index cards can be typed up. This will eliminate the last minute rush evident in 1964; and the editorial staff will be most grateful for the additional time. Your Data Sheets will be returned if you wish.

Special Instructions:

1. Please type or print all entries on the Data Sheets. Handwriting is sometimes difficult to read; and this leads to unnecessary errors in the Quarterly.
2. All SURNAMES are to be in all capital letters; each given name has only the initial letter in capital, with the other letters in lower case.
3. Use Maiden SURNAME for women, not their husband's SURNAMES.
4. Each date, (when), should be as complete as possible, with day given first, month spelled out, and year. (Example: 25 January 1965).
5. Each place, (where), should be as complete as possible, and should include county or parish.
6. Children's names should be as complete as possible, and listed in order of birth; continue on back of Data Sheet if you run out of room on the front.
7. Please underline the name of the child in your lineage.
8. Any additional data or explanation you wish to add for clarification should also be placed on the back of the Data Sheet.
9. Make a separate Data Sheet for each marriage of each ancestor, if he was married more than once. Note in the short blank immediately following the word, "married", whether the marriage was his 1st, 2nd, 3rd, or which.
10. Make a separate Data Sheet for each marriage of each ancestress, if she was married more than once.

This is an excellent opportunity for you to publish your lineages, to help out others who are collateral kinsmen, and to bring to the attention of thousands of genealogists all over the country the lines on which your information is incomplete. Each year that our Ancestor Registry is published makes our Quarterly a better reference.
